

Huntington Woods Department of Public Safety

Mission Statement

Our mission, both as a Department and as individual officers, is to provide exemplary public safety services to our residents, businesses, and to all those who work in, visit or travel through our community. We acknowledge that our effectiveness depends upon the acceptance of our authority and approval of our actions by the community. Toward that end, we constantly strive to reach the highest levels of excellence in all that we do. We demand professional conduct from our officers and employees. We treat all people with respect and perform our duties in a fair, unbiased manner.

Director of Public Safety - Andrew Pazuchowski
