As the bona fide owner of the above mentioned property which is a single residence, and which is, or will be on completion my place of residence and no part of which is used for rental or commercial purposes, I hereby make application for an owner's permit to install equipment, as listed on the permit application.

I certify that I am familiar with the provisions of the applicable Ordinance and the rules governing the type of installation and hereby agree to make installation in conformance with the Ordinance.

In making the application, I realize I am assuming the responsibility of a licensed contractor for the installation of the work mentioned in the permit application and for putting the equipment in operation. I further agree that I shall neither hire or subcontract with any other person for the purpose of installing any portion of the equipment at the above premises.

I agree to notify the Building Inspection Department within seventy-two (72) hours after the installation is completed so that the Department may make its required inspection. I further agree to keep all parts of the installation exposed until the installation is accepted as being in compliance with Ordinance requirements.

I further agree to correct within 10 days any violations on the work installed and to provide reasonable access to the premises, Monday through Friday for the necessary inspections. Failure to correct violations or to provide access will subject the permit to cancellation, in which case a licensed contractor must be employed to complete the work.
